(b) Conversion *co-it* depends upon the quality of cane, duration of crushing, ca-, pacity utilisation, efficiency of the plant and Machinery, etc. and these factors vary from factory to factory. Since detailed data on these factors for each factory is not available, it is not possible to indicate the conversion cost of most efficient sugar mills in India and elsewhere.

(c) The present policy of licensing ol sugar mills, including the option of deli-censing, is under examination.

PROCUREMENT TARGET OF RICE FOR ANDHRA PRADESH

3337. DR. NARREDDY THULASI REDDY : Will the Minister of FOOD be pleased to state :

(a) what is the procurement target for rice in Andhra Pradesh far the present Kharif season;

(b) whether it is also a fact that the area under paddy cultivation in Andhra Pradesh has fallen in the Kharif season;

(c) if so, the reasons therefor; and

(d) whether it will affect the public distribution system of rice in Andhra Pradesh ?

THE MINISTER OF STATE OF THE MINISTRY OF FOOD (SHRI KALP NATH RAI) : (a) Procurement of rice being dependent on the quantity of paddy processed by millers, *no* target as such can be fixed.

(b) and (c) As per information received from the State Govemment of Andhra Pradesh, adverse seasonal conditions, shortage of rainfall in all the major rice procuring districts etc. affected the area under paddy crop.

(d) Allocations of foodgrains from the Central Pool for PDS is made on the re-commendations of Committee of Secretaries, and keeping in view the demands received from State Governments, availability of j stocks in the Central Pool, etc. At present j Government of Andhra Pradesh is being j allotted 1,90,000 tonnes of rice per month.
